## **Member Description**

Coopers are chartered engineering consultants, founded in 1981 as a family run business offering a wide range of services including structural, highways & drainage, environmental and geotechnical in North West England and Wales. Coopers provide a holistic ground gas service, involved in assessment of ground gas risks, bespoke design of mitigation measures, and verification strategies and plans since 2005. We have provided guidance for regulators on the approaches for verification of mitigation measures and can pride ourselves on the standard of work.

Qualifications
Chartered Scientists, Geologists, & Engineers.
